

HELP YOUR BLIND PET "See" Again

Recognizing The Signs And What To Do About It

Sight & Scent Mapping Program

Sample Home Layout

Tips for safety and success

Remove obstacles from areas where your pet needs to go, create safe areas and paths. Start with one scent at a time, move on to next scent program when your pet gets the hang of it. Training is important, and some pick it up quickly.

CONTACT US

Mark locations you placed the Bkinz™ Markers. Keep essential oils away from children and pets, store safely.

We have real people answering the phones and emails to help folks who have questions. Should you have questions, just ask.
